**Subject:** RE: CR 1 WATER  
**Date:** 07/18/2012 11:47 AM

---

Andy and Kevin, please get with the water and sand haulers and make sure they are slowing down for homes and traffic.

Also make sure they are obeying the traffic laws.

I will get with Dave and see if there is anything we can do about the dust.

Thanks,

Fabian

**Subject:** CR 1 WATER

This is day 1 of YOUR trucks hauling water to your frack job south of us on CR 1, we will have to put up with this dust and noise from them 24/7 for weeks. You need to get a water truck out here and WATER our road from the corner to the field south of the house where our cattle are. You also need to start implementing some safety rules with your truck drivers, there is no reason why they cannot slow down when they go by homes, right now haying season and farmers are in and out of field approaches, some courtesy and safety needs to be used on your part. Statoil had Deer Valley Trucking do our roads when they did their last frack job out here.
